

THE SECRET TO OUR SUCCESS? ALL IT TAKES IS D.R.I.V.E.

Dedication • Resource • Inventory • Value-added • Experience

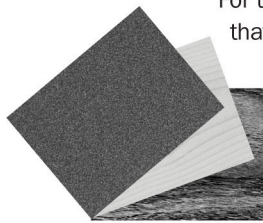

Those five words sum it up in a nutshell. Call it our philosophy. Our guidelines. And as the acronym suggests, there's plenty of Drive – passion, motivation, enthusiasm – behind those so-accurate letters. Simply put, we do all we can to make sure your buying experience is a good one. Our 65 employees, 14 delivery trucks, 13 truck docks, 6 rail docks, and our new facility (just under 200,000 square feet) gives us the resources we need to give you the service you deserve. All along with the products and quantities you need, delivered when you need them.

Knowledgeable, dedicated, personable, polite, helpful. Our people are our biggest asset. From our sales representatives to our drivers, we strive to put our best foot forward to ensure long lasting and mutually rewarding business partnerships.

Updated computer systems, loyal top-of-the-line vendors, one of the largest delivery fleets in the Midwest. We're set up, from top to bottom, to guarantee you have the best service possible.

For those customers that give us all their business, we say Thank You. For those customers that give us some of their business, we say Thank You and ask what we can do to earn even more of your business. And for those customers who are new to Aetna, we say Thank You, and are anxious to learn more about your company to serve you better in the future.

So give us a call. And experience for yourself the qualities of D.R.I.V.E.
