These are very high quality units manufactured in Canada. The units have a telescopic rod with a range of 23 1/4" - 33". The units are individually packaged, including installation hardware, so they stay clean and all parts remain with the unit until installation. The 32" unit has been tested to hold more weight with less deflection than others in the industry.

Pricing good through April 30, 2003.

UV WOOD

Pre-finished to give you a big head start.

UV WOOD is pre-finished with acrylate epoxy and cured with ultra violet light. This saves you valuable time and money, and eliminates exposure to harmful VOC emissions. And because it's pre-finished, UV WOOD is perfect for any application in which a clear, durable finish is required such as:

- Cabinets • End panels • Vanities • Shelving • Case goods • Drawer parts

Aetna now offers UV WOOD in virtually any combination of specie, grade and core. We currently stock UV WOOD in medium gloss, 48 1/2" x 96 1/2" oversize.

Unit size is 24 pieces for all items
