AETNA PLYWOOD IS NOW FSC CERTIFIED

Dear Customers,

We would like to inform you that Aetna Plywood is now Forest Stewardship Council (FSC) Certified. Our certification number is: SW-COC-1973

What is FSC?

The Forest Stewardship Council is an independent, non-profit organization that promotes the responsible management of the world's working forests through the development of forest management standards, a voluntary certification system, and trademarks that provide recognition and value to products bearing the FSC label in the marketplace.

Many LEED projects can have these requirements met by using FSC products.

We stock the following FSC items.

These are all manufactured using a non-urea formaldehyde glue, Pure Bond

CODE	ITEM
05 22 100	3/4" 4 x 8 P/S Red Oak A/1 VC P/S Back
06 22 100	3/4" 4 x 8 P/S White Maple A/1 VC P/S White Maple Back
06 22 102	3/4" 4 x 8 R/C Natural Birch A/1 VC
06 22 106	3/4" 4 x 8 R/C Natural Birch B/2 VC
06 22 104	3/4" 4 x 8 R/C White Maple A/1 VC R/C White Back
09 22 100	3/4" 4 x 8 P/S Cherry A/1 VC P/S Back
06 14 102	1/2" 4 x 8 R/C Natural Birch A/1 VC

The following are all softwood FSC items with Phenolic EXT Glue

02 22 100	22/32" 4 x 8 AC Fir Certi-Sand
02 28 100	31/32" 4 x 8 AC Fir Certi-Sand
04 22 100	23/32" 4 x 8 CDX Fir

passion
for panels®

The most recognized and specified non-structural FR panel, Flakeboard's Duraflake FR and its companion, Premier FR let you streamline your designs by offering a wide range of sizes, exceptional strength, smooth finishing surfaces and excellent workability. Whether you cut, drill, bevel or rout them, Duraflake FR and Premier FR maintain their fire rating.

Made of 100% recovered and recycled wood, Duraflake FR and Premier FR may also be applied toward LEED credits.

Call us at 1.800.268.9830 to request a sample.

Premier® FR | MDF ·

Office buildings, schools, restaurants,
elevators. Public spaces vary widely
in size – so do our fire-rated panels.

VESTA FR | fire-rated no added urea-formaldehyde resin particleboard

THE PARTICLEBOARD SOLUTION OF CHOICE FOR FIRE SAFETY NEEDS

VESTA FR particleboard is the no added urea-formaldehyde resin option for building code and project specifications that require fire safety compliance. VESTA FR is a UL approved, Class A / Class fire-rated panel that is ideal for interior, non-structural use in restaurants, schools, hotels, malls, airports, offices and public buildings.

VESTA FR offers:

- Superior strength and dimensional stability
- Low linear expansion and thickness swell
- Smooth surface properties for laminating and finishing
- Easy machining and low tool wear
- Wide range of products and sizes

LEED Qualifying Credits:

- MR 4.1 Recycled Content 10%
- MR 4.2 Recycled Content 20%
- MR 5.1 Regional Materials 10%
- MR 5.2 Regional Materials 20%
- IEQ 4.4 Low-emitting Materials

FIRE RATED THERMOFUSED MELAMINE

Thermofused melamine laminated to Duraflake® FR particleboard is UL® approved Class A/Class 1-rated fire retardant particleboard for commercial and institutional cabinets, paneling and casework when required by fire safety codes and architectural specifications.

- 1/2" 4 x 8 White (2) side FR-PB
- 3/4" 4 x 8 White (2) side FR-PB
- 3/4" 4 x 8 Black (2) side FR-PB

ROSEBURG

SkyBlend™ Particleboard
FSC Certified

Roseburg, the original innovator of No Added Urea Formaldehyde (NAUF) particleboard is pleased to announce that its SkyBlend particleboard can now be specified as FSC Certified. Roseburg introduced the original SkyBlend particleboard in 2005 and it was hailed a huge success by the architectural and green building community.

**NOW AVAILABLE
FSC Certified**

SkyBlend FSC certified particleboard is available as a raw laminating panel. It can also be specified as a core substrate when ordering the following Roseburg manufactured panels:

- Roseburg Duramine Melamine Panels
- Roseburg Hardwood Panels
- Roseburg Durashelf Melamine Shelving
- Roseburg Pre-Finished Light (Low) Basis Wt. Paper Overlaid Panels
- Roseburg Pre-Finished Vinyl Overlaid Panels
- Roseburg Pre-Finished UV Clear-Coated Panels
- Roseburg Pre-Finished Painted Panels

Roseburg produces the most diverse line of green wood panel products in North America.

Available at

Custom Wood Doors with Veneer Raised Center Panels

Give your clients classic styling in a quality door with an *Advantage*.

What is this door's advantage? The unique value is the veneer center panel, which provides a more stable construction. Veneer panels won't shrink, swell, split or warp with humidity changes.

You'll also be impressed by the appearance. Only the highest grade logs are used to produce veneer. This results in panels with superior grain and color consistency. You're assured a uniform finish because we color match veneer panels to their hardwood frames. Choosing veneer also eliminates wood staves and defects common in hardwood panels.

Veneer panel doors are an ecologically responsible choice as well. They make efficient use of valuable hardwood resources.

Our custom wood doors are available in traditional raised panel styles with accenting onlay and rope mouldings. Choose from Cherry, Maple or Red Oak.

Doors are sold unfinished and arrive finish-room ready. Order any quantity. You'll like our prices and the quick turnaround times will meet your installation schedule.
