

Greenline

Italian Poplar

Italian Poplar plywood is made entirely of poplar veneers. It offers great stability for ease of cutting and machining.

Outer faces have a longitudinal. The core is very tight with light-colored, clean faces and backs.

This is ideal in a variety of applications, including the following:

- Automobile
- Retail
- Boat Building
- Furniture
- Design
- Construction
- Packaging
- Furniture Design Construction

Special Pricing now through November 30, 2017
