

Roseburg Medex® MDF

Medex® represents the highly versatile ideal of Roseburg Sustainable Design Fiberboard (SDF)*. Medex® is a powerful combination of moisture resistance, superior MDF board properties, and a formaldehyde free adhesive system. Medex® has a rock solid track record of superior design capabilities and environmental stewardship around the world.

- No added formaldehyde resin system
- Especially suitable in interior applications where moisture is a concern, Medex does succeed in the 6 cycle accelerated aging test
- Superior physical properties to standard MDF. Truly high performance screwholding and MOR capabilities, among others
- Pre-consumer recycled wood content
- FSC® Mix Credit Certified - available option
- Potential LEED® 2009 credit support: MRc4, 5, 7 & IEQc4.4
- Potential LEED® v4 credit support: Materials & Resources and Indoor Environmental Quality
- Meets EPA Formaldehyde Emission Regulation, TSCA Title VI & CARB ATCM 93120 Phase 2 emission limits
- No Added Formaldehyde (NAF) Exempt - State of California Executive Order N-18-313
- Third party certification - SCS, ECC
- CHPS Compliant - California section 01350 approved
- Limitations: Medex is not suitable for structural applications, exterior siding or exterior trim

Roseburg

Arreis®

MDF

Arreis® Sustainable Design Fiberboard (SDF)* is the most affordable sustainable Medium Density Fiberboard offered by Roseburg. Developed specifically, using a patent-pending manufacturing process, to drive down the cost of environmental stewardship and simultaneously deliver the high performance MDF you expect. Manufacturers, designers and specifiers now have a new affordable MDF supporting environmental design:

- No added formaldehyde resin system
- Physical properties similar to, or better than standard MDF
- Pre-consumer recycled wood content
- FSC® Mix Credit Certified - available option
- Potential LEED® 2009 credit support: MRc4, 5, 7 & IEQc4.4
- Potential LEED® v4 credit support: Materials & Resources and Indoor Environmental Quality
- Meets EPA Formaldehyde Emission Regulation, TSCA Title VI & CARB ATCM 93120 Phase 2 emission limits
- No Added Formaldehyde (NAF) Exempt - State of California Executive Order N-18-313
- Third party certification - SCS & ECC
- CHPS compliant - California section 01350 approved

Roseburg Meditate® II MDF

Meditate® II is the high performance workhorse of the Roseburg Sustainable Design Fiberboard (SDF)* product line. Rigorously tested through a long résumé of applications around the world, Meditate® II is proven to deliver superior design capabilities coupled with environmental stewardship. Meditate® II represents the global environmental standard, matching aggressive MDF design capabilities with a formaldehyde free adhesive system.

- No added formaldehyde (NAF) resin system
- Superior physical properties to standard MDF. Truly high performance screwholding and MOR capabilities, among others.
- Pre-consumer recycled wood content
- FSC® Mix Credit Certified - available option
- Potential LEED® 2009 credit support: MRc4, 5, 7 & IEQc4.4
- Potential LEED® v4 credit support: Materials & Resources, Indoor Environmental Quality
- Meets EPA Formaldehyde Emission Regulation, TSCA Title VI & CARB ATCM 93120 Phase 2 emission limits
- No Added Formaldehyde (NAF) Exempt - State of California Executive Order N-18-313
- Third party certification - SCS, ECC
- CHPS Certified - California section 01350 approved
