2. Product Description

Recommended Uses

Wilsonart® Solid Surface Acrylic Sinks and Bowls are injection molded and specially shaped solid surface products commonly used as kitchen sinks, bar sinks, and lavatory bowls. They may be bonded to Wilsonart® Solid Surface slabs with Wilsonart® Seam Kits to create a seamless appearance for aesthetic appeal and easy maintenance.

Product Composition

Wilsonart® Solid Surface Sinks and Bowls are composed of a proprietary acrylic resin and minerals. Wilsonart Solid Surface Cast Sinks and Bowls are completely homogeneous. The full-toned color has a consistent, uniform pigment throughout the thickness of each bowl.

Wilsonart Solid Surface Sinks and Bowls provide the best color-coordination to Wilsonart Solid Surface solid design sheets in the Wilsonart Solid Surface line. A slight variation in color may occur when sinks and lavatory bowls are bonded to a solid color design in the Wilsonart Solid Surface line. This is inherent from the different manufacturing processes used for solid surface sheet material and sinks/bowls.

This is considered normal and not a color issue.

Model Specifications

Part Number and Description	Inside (LxWxD)	Overall (LxWxD)	Weight	Overflow?	ADA?
AD1630 Double Equal Kitchen Sink	30-1/8" x 16-5/8" x 8-1/4"	32-1/16" x 18-5/8" x 9-1/8"	31.7 lbs	No	No

Color Availability

Designer White, Calm White, and Antique White

Some Wilsonart® Solid Surface Sinks and Bowls are also available in Soft Grey and Clean White. Check www.wilsonart.com/solid-surface/sinks for availability.

Special Orders

Some Wilsonart® Solid Surface Sinks and Bowls are not inventoried and require a longer lead time. Check availability at www.wilsonart.com/solid-surface/sinks. Some Wilsonart® Solid Surface Bowls are available without the overflow and require a longer lead time.

3. Codes and Certifications

Wilsonart® Solid Surface Acrylic Sinks and Bowls conform to or exceed ANSI Test Z-124.6 and ANSI Z-124.3 respectively per independent laboratory testing and are certified for use by the UL in the U.S. and Canada and the National Association of Home Builders (NAHB).

The GREENGUARD Environmental Institute™ has awarded its GREENGUARD Indoor Air Quality Standard for Low Emitting Product and GREENGUARD Product Emission Standard for Children and Schools. All Wilsonart Sink and Bowl product types were tested under the stringent GREENGUARD Standards for low-emitting products. All GREENGUARD Indoor Air Quality Certified® products ensure minimal impact on the indoor environment. For a copy of the certificate, visit www.greenguard.org.

4. Care & Maintenance

Wilsonart® Solid Surface Acrylic Sinks and Bowls are composed of a proprietary acrylic resin and minerals. Wilsonart Solid Surface Sinks and Bowls are completely homogeneous and are very hygienic, highly stain resistant, and extremely durable. The full-toned color has a consistent, uniform pigment throughout the thickness of each bowl. Its luxurious matte finish enables the sink to keep its beauty for years with minimum day to day care and maintenance.

Wilsonart® Solid Surface Acrylic Sinks and Bowls may be cleaned with warm water and mild soaps, such as those used for hands and dishes. Mild abrasive cleaners such as Bon-Ami®, Comet® or Soft Scrub® also work very well.

For stubborn residue, apply one of the mild abrasives cleaners above and with a green Scotch-Brite® pad, buff in a circular motion over the entire sink to blend finish.

Simple Precautions:

- Run warm water if pouring boiling water in sink.
- Allow cookware to cool before placing in sink.
- Do not expose the surface to harsh chemicals, such as paint remover, turpentine, nail polish remover (acetone) or stove and drain cleaners. If the chemicals come in contact with the surface, immediately wash them off with water, using appropriate safety measures to avoid injury.

Regular maintenance will keep your sink performing at a high standard and will also keep it looking great.

5. Installation: Fabrication and Assembly Recommendations

Refer to [Wilsonart® Solid Surface Acrylic Sinks and Bowls Fabrication/Installation Manual](#). Links to all sink and bowl drawings can be found at www.wilsonart.com/solid-surface/sinks, under product details.
