

## Import Birch Plywood

Our import birch is a rotary cut plywood that has excellent machining properties. It's suitable for natural, stained and painted finishes. It has a whole-piece veneer face.

White Birch is known for being a highly versatile wood with a wide variety of uses. It is a strong building material and is mostly used for interior applications that include, but are not limited to, cabinetry, furniture, desks, shelving, trim, trim work, lamination and general woodworking.

Origin	Species	Finish	Size	Grade	Core
Vietnam	White Birch	Raw, Prefinish	4'x8'	B2, C2, C3	Acacia & Eucalyptus
