PIN

Personalization and complete versatility. Pin is an innovative and revolutionary display storage system that allows the most flexible and creative arrangement of bottles, knives, shelves, items of clothing and accessories.

The elegant, design-oriented and highly refined Pin has streamlined aesthetics and easy, quick and intuitive assembly. The Pin brackets can be moved easily and positioned anywhere with an ingenious fixing system that is extremely strong and stable.

Available in aluminium and titanium finishes, complementing all kinds of room settings, furniture and applications, Pin features a special surface treatment with soft touch effect. This treatment optimizes the functionality of the system by acting as a non-slip coating to keep the stored objects secure and stable on the brackets. The velvety soft touch surface treatment enhances Pin's aesthetic value, making its design even more innovative and user-friendly.

SALICE

PIN

wine

Above: the Pin Wine supports are fixed in tiered pairs, each pair carrying up to 3 bottles. This solution allows the secure and flexible arrangement of several bottles.

On the right: the highly flexible and innovative combination of the Pin Wine brackets creates “made-to-measure” arrangements, using both standard, small and even “magnum” bottles.

On the far right: Thanks to its versatility, Pin Wine can also be used to create bespoke arrangements to integrate into kitchen units.

Pin Wine is also equipped with an information label, onto which wine description and characteristics can be inscribed. The label perfectly integrates with the display storage system.

PIN

knife

The Pin Knife system fixed on a wood panel presents a highly functional and secure storage system for cook's knives.

Pin Knife enables kitchen knives of any shape and size to be arranged in the most functional and personal way.

Thanks to this arrangement, the knives are easily accessible while cooking and the wood panel gives an additional aesthetic value.

The innovative compression spring mechanism allows the blades of the knives to be stably and securely fixed.

PIN

shelf

Also Pin Shelf permits the most creative and flexible arrangements of shelves of any material, which can be positioned at any height desired.

The system can also be used with the profiles fixed directly to the wall.

PIN

hang

The Pin Hang system allows the orderly and functional arrangement of multiple items, such as coats, scarves, hats, accessories and different things of everyday usage.

The system can thus be used in various room settings, such as entrance halls, living spaces, bathroom and kitchen, as well as in the office.

The assembly is extremely easy and intuitive.

Pin Hang can be fixed both on surface-mounted and recessed profiles.

Pin Hang is totally customizable with an infinite number of possible combinations. The system can be arrayed vertically and horizontally, thus enabling it to be adapted to all kinds of room settings and spaces.

COMPONENT PARTS

Pin Wine

Wine bottles display storage system

DOB3PXXK = Aluminium finish

DOB3PXXT = Titanium finish

Soft touch treatment for greater stability of the stored objects.

PACKING: boxes 12 pcs

- 1) Anchor bolt
- 2) Gasket
- 3) Bracket
- 4) Connecting item
- 5) Cap

DOB3LU300P = Aluminium finish

DOB3LU300T = Titanium finish

PACKING: boxes 16 pcs

6) Profile length: 3 meters

DOB3LU200P = Aluminium finish

DOB3LU200T = Titanium finish

PACKING: boxes 16 pcs

6) Profile length: 2 meters

DOB3LU100P = Aluminium finish

DOB3LU100T = Titanium finish

PACKING: boxes 16 pcs

6) Profile length: 1 meter

The profiles can be surface-mounted or recessed into wood panels.
Screws for the profile fixing to be ordered separately. Please see page 27.

Maximum weight carried by one pair of Pin Wine brackets: 3,5 kg.
