Strategically Structured Layers of High-Gloss Perfection

Premier uses Senoplast's proprietary multi-layered acrylic material to engineer our Reflekt High-Gloss panels, doors and drawer fronts with the utmost perfection.

- **Extreme High-Gloss Finish** - an impressive 90% gloss level is reflected off the perfectly smooth surface creating a mirror effect.
- **Scratch-Resistant** - top hardcoat layer developed to be the most scratch-resistant acrylic in the market.
- **Color Richness** - several layers are UV stabilized to ensure original color depth without fading.
- **Bonding Layer** - ABS natural developed for the best bond to the core material eliminating delamination.
- **PureCore** - made with the finest MDF core material specified for a low surface variance.
- **Cleanroom Production Facilities** - every Reflekt panel is processed in cleanroom conditions.

Endless Interior Design Options

- **Colors and Edgebanding** - available in 22 color options with matching laser edgebanding in either solid or two-toned.
- **Panel Size Options** - standard panel size of 4' x 8' available in either 1/4" or 3/4" thickness. Additional thicknesses available upon request.
- **Finished Components** - double or single sided flat panel doors, 5-piece doors and 3-piece drawer fronts available.
- **Stock and Lead Time** - all materials are stocked on-site at our Denver headquarters for a 5-day lead time.

Additional Product Benefits

- **High Chemical and Stain Resistance** - no visible changes after extensive chemical testing.
- **No Orange Peel** - world-class PUR lamination technology prevents orange peel.
- **No Polishing Necessary** - no polishing after removal of protective peel coat or during product lifetime.
- **Low-Maintenance Material** - easy to clean with wet microfiber cloth or nonabrasive products.
- **Dry-Erase Certified** - scientifically proven to be very suitable for marker board use.

*Denotes metallic design.

Reflekt
