

Weyerhaeuser Ultra-Core™ HDF

Weyerhaeuser's Ultra-Core™ HDF features High Density Fiberboard surfaces (HDF) fused to a solid core of Structural-1 Industrial Grade Softwood Plywood. The result is a light-weight panel that offers industry-leading structural strength and excellent finishing characteristics.

Features:

- Exceptionally smooth surfaces for superior lamination, wet-coating and veneering results
- Contains no-added formaldehyde resins
- Uniform machining results and precise thickness tolerance
- Exceptional fastener and screwholding strength
- Specialty formulation available for melamine lamination
- Meets sourcing requirements of the Sustainable Forestry Initiative® (SFI)
- Meets Green Globes® Rating System Green Building Initiative credit support for new construction and major renovations
- LEED® credit support for new construction and major renovations
