

Product Information

AetnaPly™ is a rotary cut plywood that has exceptional machining properties and is suitable for natural, colored, and painted finishes. With a whole-piece veneer face, this import plywood features an Acacia and Eucalyptus core. Available in both raw and prefinished panels, we source several thicknesses and grades to provide flexibility in meeting a variety of needs.

Applications

AetnaPly™ is a highly versatile wood with a wide variety of uses. It is a strong building material and is mostly used for interior applications that include, but are not limited to cabinetry, furniture, desks, shelving, trim work, lamination, and general woodworking.

AetnaPly™ is a good option for a Paint Grade Panel.
