

Arauco Trupan Ultralight MDF

Trupan Ultralight MDF is ideal for furniture, molding, picture frames, doors, display fixtures and CNC spoilboards.

- Exceptionally lightweight
- Available in thicknesses up to 50mm
- Light, uniform color
- Consistent density profile
- Extra-smooth sanding
- Lower tool wear
- Excellent substrate for low pressure lamination processes
- Optimum for managing logistics, freight and weight of finished goods
- Produced in Chile from 100% fresh pine fiber from the company's own, sustainably managed forests

Renowned as a panel solution that is extremely light weight, yet able to maintain a consistent density and excellent physical/mechanical properties. It offers a smooth, sanded surface, homogenous surface and uniform color, making it ideal for molding, millwork and furniture making.
