

Premier EuroCase UltraMatte

Two new colors are now available:

Strategically Structured Layers of UltraMatte Sophistication

The luxury collections by Premier EuroCase offer the perfect balance of style and durability in an incredibly fast turnaround time.

Made in North America using only the highest quality materials, latest technologies and advanced manufacturing processes, every piece produced by Premier EuroCase is guaranteed to leave an impression.

Premier uses Senoplast's proprietary multi-layered acrylic material to engineer our UltraMatte panels, doors and drawer fronts with the utmost perfection.

UltraMatte Features and Benefits

- Incredibly Smooth Matte Finish – designed to absorb the majority of light reflection creating a soft appearance and touch.
- Scratch-Resistant – top hardcoat layer developed to be the most scratch-resistant acrylic in the market.
- Color Richness – several layers are UV stabilized to ensure original color depth without fading.
- Bonding Layer – ABS natural developed for the best bond to the core material eliminating delamination.
- PureCore – made with the finest MDF core material specified for a low surface variance.
- Cleanroom Production Facilities – every UltraMatte panel is processed in a cleanroom environment to mitigate surface impurities.
- Endless Interior Design Options – Colors and Edgebanding – available in 16 color options and matching laser edgebanding.
- High Chemical and Stain Resistance – no visible changes after extensive chemical testing.
- No Orange Peel – world-class PUR lamination technology prevents orange peel.
- Anti-Fingerprint – top hardcoat layer has anti-fingerprint properties
- Low-Maintenance Material – easy to clean with wet microfiber cloth or nonabrasive products.
