BUILDING SOLUTIONS

We Have What It Takes

HOME SWEET AETNA

There's no place like where we live. It's where families bond, friends gather, and memories are made. Whether it's a home, apartment, or condo, every living space should be a safe and welcoming environment, packed with personality and materials that endure.

At Aetna, we offer everything under one roof – the solutions, the support, and custom capabilities that bring a “wow” factor into residential environments. When integrated together, materials do more than cover a space – they give living areas an identity people are proud to own.

HPL High Pressure Laminate

Wilsonart® High Pressure Laminate brings affordable luxury, innovative durability, and eco-friendly engineering to every project with exquisite designs and distinct finishes.

TFL Thermally Fused Laminate

Industry's best-matched Thermally Fused Laminate, High Pressure Laminate, and Edgeband solution for design and texture. Maintains visual continuity without compromising design.

QTZ Quartz

Wilsonart® Quartz features dynamic looks, from expressive concretes to deep veined marbles, that are durable and easy to maintain.

Master Bathroom

Build the bathroom of your dreams using a versatile, simple-to-care-for material like Wilsonart Solid Surface. It's seamless, smooth, and non-porous, meaning moisture won't become a problem near sinks or tubs.

Bathroom Counter

When there's water, soap, and cosmetics, you need a material that stands out with design and stands up to moisture – like Wilsonart's broad collection of Quartz.

Half Bathroom

Even half baths deserve to shine. We make it possible with Wilsonart High Pressure Laminate that visitors will rave about.

Wetwall is the ultimate surface for when water is ever-present. Instead of tile and grout, Wetwall uses a single panel that's water-proof. Stylish. Simple to install. And ready for everything.

ww Wetwall

With a stylish collection of on-trend and in-demand designs, the Wetwall Water-Proof Wall Panel System withstands everyday use thanks to its patented water-proof solution. It's also unbelievably easy to work with. Wetwall can be installed without any special tooling in as little as 2.5 hours. Once it's in, it's dependable and requires little effort. Because it's grout-free, it's simple to maintain and clean.

Wetwall is engineered for easy installation, lasting beauty, and low cost of ownership. Consider the benefits:

- Trend-aware designs coordinate well with popular bath finishes and materials.
- Patented, water-proof wall panel system withstands everyday use.
- With simple tongue-and-groove installation, the average time to install is as little as 2.5 hours.
- Grout-free surface wipes clean with soap and a damp cloth for lasting beauty and easy maintenance.
- On-time delivery and reliable service you can count on.
...All available today, through Aetna Building Systems.

Create the perfect bathroom space.

The luxury collections by Premier EuroCase offer the perfect balance of style and durability in an incredibly fast turnaround time. Made in North America using only the highest quality materials, latest technologies and advanced manufacturing processes, every piece produced by Premier EuroCase is guaranteed to leave an impression.

PE Premier Eurocase

These exceptional panels consist of a premium quality MDF substrate with a co-extruded polymer high-gloss acrylic top layer. The core material is carefully selected by Premier to have low surface variance, so the surface is not flawed by substrate imperfections.

The panels are PUR (polyurethane) laminated inside a Class-100 (ISO 5) cleanroom, which is a manufacturing process that guarantees the panels are as close to a perfect product as technologically possible.

Both panel collections are available in a multitude of different colors options. Standard panel size is 4' x 8' available in 1/4" and 3/4" thicknesses. We can process panels into finished components, such as cabinet doors and drawer fronts, with matching laser edgebanding.

Both collections are well-suited for interior vertical surfaces such as kitchen cabinets, vanities, closets, furniture, as well as store fixtures and displays.

Color Options.

Reflekt

UltraMatte

The Salice Pin storage system allows the most flexible and creative arrangement of bottles, knives, shelves, items of clothing and accessories. It now also features a special surface treatment with soft touch effect.

The Pin system, with its great versatility, is adaptable to countless room settings and applications and offers infinite combinations with unlimited opportunities for customization.

The soft touch effect, applied to both the aluminum and titanium finishes, optimizes the functionality of the system by acting as a non-slip coating to keep the stored objects secure and stable on the brackets, thus ensuring excellent stability.

This new velvety surface treatment adds further elegance and exclusivity to the Pin system, enhancing its compatibility with all kinds of room settings, furniture and applications.

HVR Hovr

Introducing Hovr: the new standard for floating shelf hardware. Stronger, safer simpler than any system that existed before. Hovr is simply the strongest heavy duty floating shelf hardware available. It's the ideal shelving solution for industry professionals: no more sag, slanting or shelf failure.

Safe and Secure

With the Hovr Bracket System, say goodbye to sag or slants over time. It allows for secure floating shelves that stand the test of time.

300 lbs Average Load Capacity

Our average weight load capacity for an 8 inch depth is 300lbs. This allows for your clients to be confident in your design. And withstand usage over time.

Engineer Approved

Engineer analyzed by 3rd party engineers. All calculations completed by All North Engineering.

International Patent

The Hovr Bracket System is internationally patented so the solution is exclusive to Hovr.

Built on a history of over 130 years of American craftsmanship, Boos Block® surfaces fill your kitchen with timeless tradition in countertop appearance while maintaining a natural food safe element for food preparation.
