

# WILSONART® HIGH PRESSURE LAMINATE

2023 LAUNCH

## AT HOME WITH AFFORDABLE LUXURY.

New residential Wilsonart® HPL designs offer a combination of style and performance for luxury that lasts. Residential and resimercial spaces are becoming more functional. More adaptive. More rejuvenating. And now, more possibilities are available at a common-sense pricepoint. Explore eight new designs that offer the look and performance of high-end stone materials, without the maintenance or cost.

## AT HOME WITH THE HIGHEST STANDARD.

### LIMITLESS DESIGNS

#### In-stock designs

- Curated in-stock selection of 300+ locally available designs, featuring woodgrains, stones, patterns, and solid colors.

#### On-demand designs

- Endless on-demand options featuring 1000+ additional designs.

#### Create your own

- Bring any design to life with color matching or custom print designs.

### #1 IN SUSTAINABILITY

Made with 23% post-consumer recycled content on average, which is 2X more than other laminates.

### 3X MORE WEAR RESISTANT

When powered by AEON™ Technology, Wilsonart® HPL is 3X more resistant to wear, scratches, and scuffing.

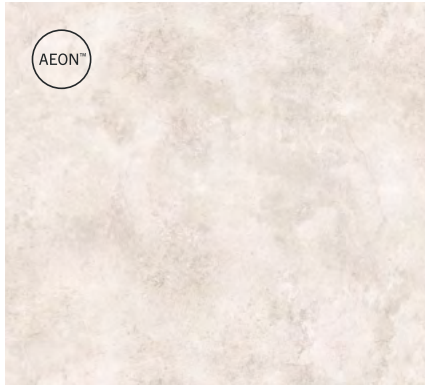

### UNMATCHED RELIABILITY

More than 100 strategically located distribution centers across the U.S. and Canada. Our Wilsonart delivery fleet gets products to you in complete and correct condition, on schedule.

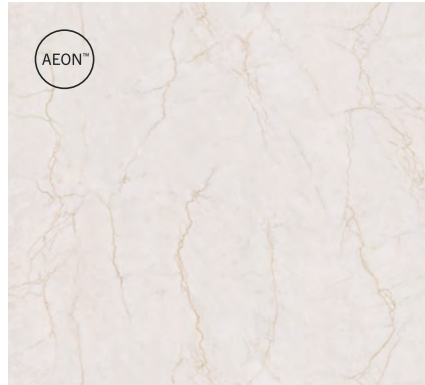

# At home with trending design.

Achieve the latest trends with Wilsonart® HPL. Embrace the popularity of light, airy designs. Inspire a sense of welcome with cozy, subdued tones. Or convey the beauty of natural materials with organic textures. Detailed finishes — including the new premium Fieldstone finish — enhance your trending design while elevating the look and feel of natural stone.
