

DESIGN WITHIN REACH. PERFORMANCE WITHOUT COMPROMISE.

THE NEW THINSCAPE® PERFORMANCE TOPS LAUNCH

A REVOLUTIONARY
COMBINATION OF SLEEKNESS
AND STRENGTH.

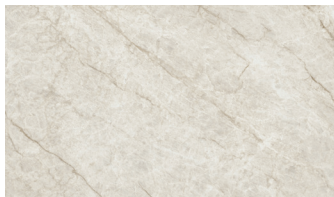

Nature-inspired designs enhanced by classic textures and realistic details.

- Beautiful stone, woodgrain, textile, and solid designs
- Color-coordinated core for seamless visual continuity
- European-inspired and only 1/2-inch thick
- Backed by Wilsonart's commitment to service

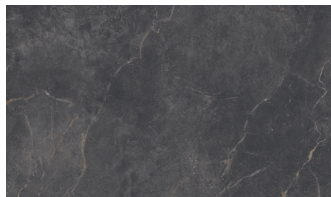

STONES

DISCOVER INCREDIBLE DURABILITY.

THINSCAPE® is engineered by fusing papers and resins under high heat and pressure to produce a sleek, durable surface. The result? A composite that gives your project more long-term performance than practically any material on the market.

EASY TO FABRICATE. EASY TO INSTALL.

New THINSCAPE® designs can be easily fabricated with simple woodworking tools. Installing your performance top also takes far less time than other materials and is completed in fewer steps.
