

BEAUTY THAT CAN'T BE REPEATED

The New Wilsonart HPL Commercial Launch

Realistic no-repeat woodgrains

Designed by nature, *hand-selected for you*

- No repeats across length and width of 5'x12' or 4'x8' sheets.
- 12-inch-wide leaves replicate the natural character of hand-selected flitches with zero pattern repetition. Designed uniquely for traditional large-scale veneer layouts.
- The perfect bookmatch showcasing mirrored cathedraling.

SILKEN WOOD FINISH (NEW)

Silken Wood (17) is a luxurious matte finish with a silky touch and intriguing features of a quarter-sawn grain structure, like open or dense ticking in linear arrangements. Newlands and Anderson Cherry feature this new premium finish.

FIELDSTONE FINISH

Fieldstone (15) is a mixture of low sheen, stone-like textural attributes, layered with fine, irregular veins, and features in a higher sheen, which create natural contrast and dimensional organic detail. Aluma Marble and Terrena Soapstone feature this premium finish.
